

19 March 2019

Dear Parent/Carer,

Following last night's options evening, I am writing to inform you that the options forms are now open for students to complete. The deadline for completion of these forms is **Wednesday, 17 April**.

Students can access the forms by logging on to their school e-mail account and completing the linked online form. Students can access these e-mails at school, or at home via the RM Unify link on the school website. Alternatively, we have also set up a form on the MyEd app allows for the selection of options, if this is more convenient. Students are only required to submit their options choices using one of these methods.

Due to the interest shown in BTEC Performance by a number of Core Plus students, we have taken the decision to add BTEC Performance (Drama or Dance) to option block C choices for **all** pathways.

This means that, in addition to those options listed in block C within the options booklets, BTEC Performance will also be available for all students to opt for when they complete the options process on the system. As with all options courses, an assessment will then be carried out as to whether it can run, based on the final number of students who select it.

If you require any further information or experience difficulties in completing the options form, please contact Mr Murray (s.murray@tmhs.co.uk), who will be happy to support you further through the process.

Yours sincerely

Mr J. Hudson
Senior Assistant Principal
