

22 June 2020

Dear Y11 students

I hope this letter finds you well and that you have taken this opportunity to take something positive from our current situation. Hopefully, you have accessed our transition work or that of your future Post 16 provider and you have a clear idea of where you will be going in September.

I would hope you are supporting your physical and emotional wellbeing by taking exercise as often as you can and maybe some of you have even found a job or opportunity to support the community during these times.

As a school we are still very much here for you and any questions or support can be directed to myself or Mrs Campey, via email or class charts. We can also involve Mrs Pasfield, so if you are unsure of what you would like to study or which provider you would like to study with, please contact us for more support.

Over the next couple of weeks information regarding receiving your exam results will be shared with you. This will look different to normal and it will be essential that we have up to date contact details for all students. If anything has changed on this from then please message any new contact details to us via the app.

I am aware that at the start of the pandemic we had expressed our desire to enable Y11 to participate in the usual traditions of school leaving if the situation improved, however, as time has gone by it is clear that social distancing and guidelines on large group gatherings will be in place for a long time to come. Therefore, it is with a heavy heart that I can confirm that a Y11 Leavers' Prom or purchasing of leavers' jumpers will not take place this year. Hopefully, you can be creative with Zoom or some other form of communication to ensure you can celebrate your time at Temple Moor together.

Please get in touch if you need any help or support over the coming weeks.

Yours faithfully

Mrs H Britton  
Assistant Principal Attendance, KS4 Quality of Education and BTEC QN
