Dear Parents and Carers

A Level Maths and Further Maths Assessments

In order to ensure that your son/daughter's final centre assessed grade is representative of their knowledge and understanding, all students will have the opportunity to complete a series of assessments covering the content taught on the above course(s). Each assessment will be completed within a timetabled maths lesson and assessments will be spaced to allow teaching and guided revision to continue.

To support students, we shall be offering them weekly after-school 'drop-in' revision sessions on Thursdays at 14:45. Students are already being provided periodically with practice papers, to complete at home, for preparation, as would usually be the case at this time of year.

The assessments will take place as follows:

A Level Mathematics

Friday, 26 March: Pure Maths (students given notice previously)

Friday, 23 April: Pure Maths

Friday, 30 April: Pure Maths
